

Birds of the Mallee Parks

Covering Hattah-Kulkyne, Wyperfeld, Little Desert and Murray-Sunset National Park, Kings Billabong Wildlife Reserve, Lake Albacutya Park and Big Desert Wilderness, this list has over 300 species of birds recorded. Significant birds include the Regent Parrot, Malleefowl and Black-eared Miner.

The names of the birds are those used in Christidis, L & WE Boles 1994 *The Taxonomy and Species of Birds of Australia and Its Territories* - Royal Australasian Ornithologists Union Monograph 2 RAOU, Melbourne.

Some of the birds are resident in these parks, some are seasonal visitors or migrants, and others appear only when water is present - which applies particularly to Lake Albacutya Park, Wyperfeld National Park, Murray-Sunset National Park and Hattah-Kulkyne National Park.

No doubt bird observers will record additional species in future years, especially in the more remote areas of the Big Desert Wilderness and Murray-Sunset National Park. Parks Victoria is always interested to hear about new sightings. Call 13 1963.

We hope that this list will be useful for people who enjoy observing the prolific bird life of Victoria's north-west.

Caring for the environment

Help us care for your parks by remembering these guidelines:

All plants, animals, archaeological sites and geographic features are protected by law

Dogs and other pets are not permitted

Light fires only in fire places provided

No fires, (including gas or fuel stoves in tents), may be lit on a day of Total Fire Ban. The Mallee Parks are in the North Western Total Fire Ban District

> Please take rubbish home with you for recycling or disposal

Firearms are prohibited

Vehicles, including motor cycles, must not be driven off open formed roads. All vehicles must be registered and drivers licensed

Whenever you go walking or driving you should carry drinking water, wear strong comfortable shoes, take a small first aid kit, a jumper and/or waterproof jacket, wear a shady hat, especially November to March, and stay on the tracks – don't wander off

Mobile Phones

You may not be in network range in some areas of the park. To be connected to Police, Ambulance or CFA key in 112 then press the YES key

Healthy Parks Healthy People

Throughout the world there is growing recognition of the vital contribution parks make to a healthy environment, to the health of individuals and to a healthy society. Victorians are very fortunate to have inherited a world-class network of parks and reserves, now accounting for more than 16% of Victoria's land mass.

Parks Victoria is responsible for managing these marvellous, national, state, regional, reservoir and major metropolitan parks and conservation reserves. Many well known historic properties and gardens, and Melbourne's bays and major waterways are also managed by Parks Victoria.

Our role is to protect the natural and cultural values of the parks and other assets we manage, while providing a great range of outdoor opportunities for all Victorians and visitors.

For further information call the Parks Victoria Information Centre on 13 1963 or visit www.parkweb.vic.gov.au
